

Sprint 2 Retrospective

What went well:

- Communication has improved from last time
- Most of the documentation was done before set due date.

What did not go well:

- Communication was not at it's best sometimes.
- Network issues caused setbacks.
- Equipment breaking so more work was placed on team members.
- Not enough people in development
- Pushing not being done well

What we can improve on:

- Better communication.
- Fulfilling assigned tasks.
- Asking questions when something is not clear.
- Decreasing procrastination.
