

1. Login

- Given I have filled out all the required fields and I am a registered user, when trying to login, then I should be taken to the home page.
- Given I have filled out all the required fields, but I am not a registered user, when trying to login, then I should not be taken to the home page and receive an error message.
- Given I have not filled out all the fields when trying to login, then I should receive an error message.
- Given I have entered an incorrect credential when trying to login, then I should receive an error message.

2. Register

- Given I have filled out the correct credentials and used my wits email address, when registering, then I should register successfully.
- Given I have filled out the correct credentials and not used my Wits email address, when registering, then I should receive an error message and not be able to register.
- Given I have chosen a strong password and all the correct credentials, when trying to register, then I should register successfully.
- Given I have not chosen a strong password but entered all the correct credentials, when trying to register, then I should not be able to register and receive an error.
- Given I have not filled out all/any the credential fields, when trying to register, then I should not be able to register.

3. Forgot Password

- Given I am on the login page and clicked on *Forgot Password*, when attempting to reset my password, then I will be prompted to enter my email address and a password reset link will be sent to my email address.

4. Home page

- Given I am a registered Wits student, when I login to the app, then I should be taken to the home page with all the questions.

User Acceptance Criteria will be updated once there is working code for the rest of the activities.
