

## **Sprint 2 Planning**

This sprint we will be focusing on the following user stories:

- Creating a page where authorised users can ask questions and their questions can be seen by every user.
- Creating a voting system which users can vote up or down a question and questions to appear by vote.
- Creating a commenting system where a user can comment on a question.
- Creating a page where you can view answers to a question and add an answer.
- Creating a voting system where users can vote up or down an answer and the answers to appear by vote.
- Creating a commenting system where a user can comment on an answer.
