<u>Sprint 3 Retrospective</u>

What went well:

- Most of the user stories were completed.
- Most of documentation was complete.
- Things were more organised

What did not go well:

- Communication lacked in some areas
- Network and internet connection caused setbacks
- Testing miscommunication
- Not enough people on the development team

What we can improve on:

- Fulfilling tasks before set check-in meeting
- Asking and helping where one can
- Decreasing procrastination
- Not responding when anything is asked
